## Saturday Live Auction

#	DONOR	SCIENTIFIC NAME COMMON NAME	SIZE	FLOWER COLOR FALL COLOR	SUN	NOTES
SL1	Klyn	Phlox set	1' h 3' w	Various	Part sun to shade	An assortment of this creeping groundcover.
SL2	Klyn	3 - Ajuga reptans 'Catlin's Giant'	6" h 18" w	Blue	Sun to part shade	Spreading groundcover that forms a dense, carpet-like mat, even in shade. Large green leaves have purple-bronze hues. Deep blue flower spikes from spring to summer.
SL3	Brotzman's	Liriodendron tulipifera 'Glen Gold' (Tulip Poplar)	80-100'	Green, Yellow	Sun	'Glen Gold' has large, plate-like, golden leaves in spring and summer which turn pretty shades of yellow before falling in autumn.
SL4	Brotzman's	Ulmus parviflora 'Daves straight up' (Chinese Elm)	40-50'	Insignificant	Sun	Medium-sized deciduous tree with a rounded crown and long pendulous branching. Insignificant, small, reddish-green flowers appear in late summer.
SL5	Zupcsan's	Hydrangea paniculata 'Phantom'	6-10' h 6-10' w	White to pink	Sun	Very large flower heads on sturdy, straight stems. The terminal, cone-shape, panicle inflorescences can reach up to 15" long and are excellent for fresh cut or dried arrangements. The sterile florets emerge pale green and mature from bright white to pale pink by early fall.

SL6	CM Brown	3 - Hosta 'Blue Angel'	3' h 4' w	Pale lavender to white	Sun to part sun	Giant, blue-leaved hosta with thick, heavy-textured, slightly convex, wide-oval, blue-green leaves (to 16" by 12") with light marginal undulations and ribbed veins. Bell-shaped, pale lavender to white flowers bloom in mid-summer on a 48" tall spike.
SL7	Brotzman's	Hamamelis vernalis 'Golden Eclipse' (Witch Hazel)	8' h 8' w	Yellow	Part shade	
SL8	Premier	Rhododendron catawbiense 'Boursault'	6-10' h 6-10' w'	Lavender	Part shade	Dense, upright, evergreen rhododendron. It has violet buds that open into lavender flowers with some reddish or pale brown spots.
SL9	Premier	Cephalanthus occidentalis 'Sugar Creek' (Buttonbush)	3-4'	White	Sun to part shade	Tiny, tubular, 5-lobed, fragrant white flowers appear in dense, spherical, long-stalked flower heads. Long, projecting styles give the flower heads a pincushion-like appearance. Flower heads are very attractive to bees and butterflies.
SL10	Ohio Mulch	Gift certificate				\$25
SL11	Scioto	Quercus macrocarpa 'Bur Oak'	60-80' h 60-80' w	Insignificant	Sun	Slow-growing Oak with a rounded shape. Insignificant yellowish-green flowers in separate male and female catkins appear in spring as the leaves emerge. Acorns are oval acorns with fringed, burry cups that serve as an important source of food for wildlife. Tolerates pollution and heat.
SL12	Acorn	3 - Syringa vulgaris New Age White (Lilac)	4-5' h 4-5' w	White	Sun	Fragrant white lilac on a more compact plant. Mildew resistant foliage stays attractive throughout the season.

SL13	Brotzman's	Aesculus turbinata 'Marble Chip' (Horse Chestnut)	8-10' h 5' w	White	Sun or part shade	Variegated buckeye with large compound foliage that emerges marbled creamy-white and deep green with accents of pink. Somewhat heat tolerant. Plant in semi-shade to avoid leaf scorching.
SL14	Brotzman's	Hamamelis 'Ice Queen' (Witch Hazel)	10-15' h 10-15' w	Green, Yellow	Sun to part shade	Excellent cold tolerance of its yellow ribbon like fragrant flowers. Begins blooming in late November with full bloom throughout December, and continues into January.
SL15	Brotzman's	Quercus prinus (Chestnut Oak)	60-72' h 60-72' W	Gold/Yellow	Sun to part shade	A medium to large White Oak with broad open and irregular crown and chestnut like foliage. In spring separate male and female flowers appear and are followed by fairly large acorns that have high wildlife value for many birds and mammals. The mature bark is distinctive with tight ridges and is similar to the chestnut tree.
SL16	Decker	Magnolia x loebneri 'Leonard Messel'	15' h 12' w	White to purplish-pink	Sun	Leonard Messel Magnolia is a deciduous hybrid magnolia. Fragrant star-like white flowers with 10-15 petals appear in early spring before the foliage. Flowers give way to cone-like fruits that ripen to red in late summer, releasing individual red coated seeds suspended on slender threads at maturity.
SL17	Brotzman's	Populus deltoides 'Fuego' (Cottonwood)	50' h 20' w	Red (male) Green (female)	Sun	Large, columnar reddish-purple tree with yellow leaves in fall.
SL18	Brotzman's	Tilia mongolica (Linden)	30' h 25' w	Yellow	Sun to part shade	Smallest Linden tree. Pyramidal, slow-growing, with exfoliating bark.
SL19	C M Brown	3 - Azalea evg 'Jeremiah'	3' h 4' w'	Pink	Part shade	Deep pink ruffled flowers. More upright growing. Mid-season heavy bloomer. Very hardy.

SL20	Brotzman's	Magnolia 'Whispering Pink'	8' w	White with pink	Sun to part shade	Beautiful 16-petal white blossoms with deep pink base and pink stripes. Plant blooms all the way to the base.
SL21	Decker	3 - Buxus NewGen. 'Independence' (Boxwood)	3-5'	Insignificant	Sun to part shade	Classic boxwood beauty with good overall insect and disease resistance. Holds its color all winter. Strong branching structure withstands most snow loads.
SL22	McCullough Nursery	American Roots by Nick McCullough, Allison McCullough, signed				American Roots: Lessons and Inspiration from the Designers Reimagining Our Home Gardens A book that is a beautiful invitation to reconsider how we define the American garden, filled with guidance and encouragement for anyone looking to dig more deeply into their own home garden.
SL23	Zupcsan's	Philadelphus coronaries 'Illuminati' (Mock Orange)	4' h 4' w	White	Sun to part shade	Dense, rounded, multi-stemmed, suckering, deciduous shrub featuring 4-petaled, very fragrant, white flowers which bloom abundantly in May to early June in small clusters.
SL24	Decker	Metasequoia 'amber gold' (Redwood)	30-35' h 12' w	Yellow, bi-color	Sun to part shade	One of the most visually intriguing redwoods you'll find. Its foliage remains golden instead of browning, touched with burgundy in spring and a spark of orange in fall. It grows quicker than most, with a feathery, dense, pyramidal habit.
SL25	Zupcsan's	Pieris japonica 'Mountain Fire'	8' h 6' w	White	Filtered sun to part shade	Fiery red new growth over lustrous evergreen foliage. Many broad, drooping clusters of white flowers.
SL26	Brotzman's	Ginkgo biloba 'Elmwood'	15' h 3' w'		Sun to part shade	Slow-growing columnar Ginkgo with tight upright shape and bright yellow foliage in fall.

SL27	Brotzman's	Hypericum kalmianam (St. John's Wort)	3' h 3' w	Yellow	Full sun to part shade	Small, dense, evergreen shrub with upright branching that typically grows in a dense mound. Narrower leaves than the species. More cold-hardy than others.
SL28	Premier	2 - Taxus cuspidata 'Capitata'	10'-15' h 10' w		Sun to part shade	Pyramidal Taxus that is very similar to the species. Female plants may produce abundant fruit that is attractive to birds.
SL29	Decker	Magnolia 'Jane'	25' h 20' w	Purple, white	Sun to part shade	Multi-stemmed with compact habit. Large, fragrant, deep-purple blooms, with pure white insides come out before the new spring foliage, and keep coming intermittently through the fall. Blooms later than most. Dark to medium green leaves. Very hardy.
SL30	Kurtz Brothers	Gift Certificate				\$75
SL31	Zupcsan's	Midnight Sun™ Reblooming Weigela	18" h 18" w	Pink	Sun	A neat and tidy bun-shaped Weigela with glossy, blazing orange and red summer-autumn foliage. Pink flowers in spring.
SL32	Oakland	Acer palmatum 'Bloodgood' (Japanese Maple)	20' h 20' w	Insignificant	Sun to part shade	A small, rounded, deciduous tree which features tiny purplish-red flowers in spring, deep reddish-purple summer foliage, red seed pods, good crimson-red fall color.
SL33	GardensAlive!	Belle Toulousaine Itoh Peony	3' h 3' w	Bright pink	Sun	Large fully double mildly fragrant blooms. Strong stems.
SL34	Brotzman's	Tilia platyphyllos 'Laciniata' (Linden)	40' h 20' w	Yellow	Sun	Pyramidal, compact Linden with bright green twigs. Hardy.
SL35	Acorn	3- Metasequoia glyptostroboides (Dawn Redwood)	100' h		Sun	Fast-growing and hardy pyramidal tree with feathery green foliage that turns orange and then red bronze in fall.
SL36	Brotzman's	Tilia Silver Sphere (Linden)				

SL37	Scioto	<i>Nyssa sylvatica</i> 'Black Tupelo'	50' h 30' w		Sun to part shade	A stately tree with a straight trunk and rounded crown. Small, greenish-white flowers in spring on long stalks are an excellent nectar source for bees. Flowers give way to oval, 1/2" long fruits that mature to a dark blue and are attractive to birds and wildlife. Spectacular scarlet fall color
SL38	Decker	<i>Magnolia</i> 'soulangeana saucer'	15-33'	Pink/Purple/White	Sun to part shade	Elegant, goblet-shaped flowers decorate these handsome small tree in spring. Large leathery leaves, smooth gray bark, and yellow fall color add seasonal interest.
SL39	Premier	2 - <i>Calamagrostis x acutiflora</i> 'Lightning Strike' (Feather Reed Grass)	3' h 2' w	Green, pink, purple	Sun to part shade	Variegated white and green blades in early spring, soften and move elegantly in the wind. Green flowers cover the tops in early summer, turning shades of pink and purple. Foliage and flowers dry on the plant, creating fall and winter interest.
SL40	Brotzman's	<i>Cladrastis</i> 'Perkins Pink'	45' h 45' w	Pink	Sun	Small rounded tree with cascades of fragrant pink pea-like flowers in spring. Light green deciduous foliage is chartreuse in spring and turn yellow in fall. Smooth silver bark.
