BYGL (website and newsletter)

Buckeye Yard and Garden onLine provides timely information about Ohio growing conditions, pest, disease, and cultural problems. Articles and supporting photos are created by members of the Extension, Nursery, Landscape, Turf (ENLT) team to benefit those who are managing a commercial nursery, garden center, or landscape business or someone who just wants to keep their yard looking good all summer.

BYGL is available online at: [bygl.osu.edu], a website created and maintained by Ernest Witney, Systems Manager as part of the "Horticulture in Virtual Perspective" program led by Dr. Tim Rhodus, Professor, Horticulture and Crop Science, Ohio State University. BYGL is also available as a weekly newsletter delivered via email. To subscribe, send an email to bygl@osu.edu

PlantFacts (website)

PlantFacts has merged several digital collections developed at Ohio State University to become an international knowledge bank and multimedia learning center.

Visit here: plantfacts.osu.edu

Collections Include:

- **Web** - Internet search engine - Most concentrated search engine dealing strictly with plants. Over 39,000 pages of information from every land-grant university in the U.S. and several government institutions across Canada. Also have added eXtension

- **Images** - A searchable database of high quality images featuring Ornamental plants, Turf, Plant Diseases, and Insects.
• **Short how to Videos** - Collection of 200 short gardening how-to videos, ranging from tips on basic landscaping to lessons on deadheading roses. Hosted by Tom McNutt, gardening expert for NBC4 in Columbus.

• **Mobile Applications Index** - Over 650 iOS and Android that can be used in Horticulture and Turf

• **Glossary** - Illustrated definitions of commonly used horticultural terms

OhioLine
(website)

OhioLine, [https://ohioline.osu.edu/home](https://ohioline.osu.edu/home), is an information resource produced by Ohio State University Extension. Through OhioLine, you have access to hundreds of OSU Extension fact sheets covering a wide array of subjects such as agriculture and natural resources, family and consumer sciences, community development, and 4-H youth development.

The fact sheets on OhioLine provide cutting-edge, scientifically-based information generated via research conducted by Extension and other Ohio State faculty and staff, often in collaboration with other land-grant university colleagues.

The CFAES Publications online store ([extensionpubs.osu.edu](https://extensionpubs.osu.edu)) also offers other publications that are not available on OhioLine. Take a look and discover a tremendous range of additional resources.

OhioLine also links you to the web site of the College of Food, Agricultural, and Environmental Sciences ([cfaes.osu.edu](https://cfaes.osu.edu)) – a large, diverse college supporting OSU Extension, OARDC, 10 academic units, and two-year degree programs offered by the Agricultural Technical Institute. The college has campuses in Columbus, Wooster, and statewide.

OhioLine provides you with a wealth of information – practical advice, sensible solutions, and realistic down-to-earth answers based on unbiased research. Have fun. Discover and be enlightened.
iNaturalist

(mobile app.)

Connect with Nature!

One of the world’s most popular nature apps, iNaturalist helps you identify the plants and animals around you. Get connected with a community of over 750,000 scientists and naturalists who can help you learn more about nature! What’s more, by recording and sharing your observations, you’ll create research quality data for scientists working to better understand and protect nature. iNaturalist is a joint initiative by the California Academy of Sciences and the National Geographic Society.

That’s the vision behind iNaturalist. So if you like recording your findings from the outdoors, or if you just like learning about life, join us!

AmericanHort

(Organization and website resource)

A network of strength, support, and success.
AmericanHort truly represents the entire horticulture industry, including breeders, greenhouse and nursery growers, retailers, distributors, interior and exterior landscapers, florists, students, educators, researchers, manufacturers, and all of those who are part of the industry market chain. We are the leading national association for the green industry, and AmericanHort works tirelessly to connect the industry across states and segments, giving you opportunities that expand your network and resources.

Answers to your biggest challenges can be found within the AmericanHort network of businesses, who -- like you -- are passionate about growth, performance, and a future bright with potential.

Chadwick Arboretum and Learning Gardens is a member, so all Chadwick staff and volunteers can view their extensive plant resources!
